RE: Hazardous Waste Storage Facility Permit Compliance
Certification Inspection, Department Of The Army, U.S. Army
Armament Research, Development and Engineering Center,
Picatinny Arsenal, Morris County, USEPA ID No. NJ3 210 020
704, New Jersey Hazardous Waste Facility Permit No.
1409E1HP04, AP-95-12

Dear Mr. Solecki:

The New Jersey Department of Environmental Protection (Department), Division of Solid and Hazardous Waste, Office of Permitting, Bureau of Hazardous Waste Permitting (Bureau) is in receipt of your May 3, 1996, permit compliance certification. The certification submitted in accordance with Section II, Condition 7(a) of your hazardous waste storage facility permit issued by the Department on March 12, 1996, states that the permitted storage facility is in compliance with the conditions of the permit.

In accordance with Section II, Condition 7(b) of the permit the Bureau performed an inspection of the permitted storage facility on May 9, 1996, to verify compliance with the permit. Based on the inspection and a review of the permit application documents listed at Section II, Condition 1(a) of the permit and the records, reports and plans required by the permit the Bureau has determined that the permittee's management of hazardous waste at the permitted storage facility is in compliance with the conditions of the permit. Therefore, the Bureau accepts the certification.

Should you have any questions regarding this matter, please call John P. Scott of my staff at (609)292-9880.

Very truly yours,

A handwritten signature in cursive script, appearing to read "Thomas Sherman".

Thomas Sherman, Chief
Bureau of Hazardous Waste Permitting
